

Advance-Nilfisk Part

Advance-Nilfisk Parts - Think about how tiresome it would actually be to tidy up your own house right after having a big party, without help from cleaning machines. Before, when carpets and upholstery had the dirt beat out of them manually; cleaning cloths, brushes and brooms were the leading cleaning supplies back then.

The man who founded Nilfisk-Advance, P.A. Fisker, began as an electrical engineer who liked to work on electrical motors. After starting his business during 1906, he began to produce motors to drive machine tools, drills, coffee grinders and fans. Mr. Fisker's vision from the beginning was to have a global business marketing products internationally.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning trade. Mr. Fisker invented a remarkable, ground breaking vacuum cleaner which could be operated by one individual since it just weighed 17.5 kilos! This creation came in a time where many cleaning machines were massive and needed 4 or more operators, therefore, the Nilfisk C1 changed everything and developed the manner we clean forever. The brain behind these first cleaning equipment remains unparalleled. Cleaning machines offer a brilliant solution to an existing dilemma; things get dirty and have to be cleaned regularly, without a lot of effort.

Slowly but progressively, Nilfisk-Advance expanded throughout the decades. During the nineteen eighties, this growth really took place when the company became a part of the NKT Group. Their new owners' ambition and motivation made Nilfisk-Advance take a huge leap ahead within the industry, trying to be one of the largest international players in the market of professional cleaning machines. Nilfisk-Advance is now located in all parts of the world due to steadily obtaining numerous small businesses so as to develop their product selection and presence in new markets. They are really proud to provide different cleaning solutions to fit each and every requirement.
